Business Boosting Books

Stand out in a crowded market

Writing a book has become a popular strategy to boost business. It's a great way to showcase your expertise and give you the edge on your competitors. Join Book Coach and editor Alex Mitchell as she helps bring book ideas to life. Discover how writing a book about your area of expertise can bring more clients and income into your business. Find out how to plan your book project and what approach will help you reach your target audience.
